## Guidelines for Grant Applications

---

### POLICIES

- Grant applications must be received at St. James by July 6, 2018 in order to be considered.
- Grants will only be made to agencies and organizations that serve the community or meet human needs of Henderson County.
- Grants will be made only for legally recognized non-profit purposes that are for the direct relief of human need or for the constructive enhancement of deprived persons.
- Grants will not be made to supplant tax funds for projects which would ordinarily receive public funding support.
- Grants will not be made for any project of an individual.
- The governing board of an applicant organization must approve a project prior to its submission to Saint James Charities, and the governing board must be willing to answer all questions regarding their source of other funding.
- Grants funding is limited to a one year period. Longer lived projects will require additional applications.
- The project will be evaluated and monitored by the Board Stewards of the Saint James Charities Foundation using the Project Evaluation form that will accompany the Grant Award letter.
- Our goal is to fund no later than October 2018

### B. PRIORITIES

1. Applications will receive special consideration if they
  - Deal with issues of Health in Henderson County.
  - Deal with issues of Education in Henderson County.
  - New initiatives and/or one time projects
2. We anticipate applications to total well above what we have to award. Applications with the broadest impact and up to a maximum of \$5,000 will be given highest consideration.
3. After three consecutive years of awards from St James Charities, an organization must take a two year break from submitting an application.
